- (i) Central Medical Services Society (CMSS) will have the right to increase or decrease up to 25% of the quantity of goods and/or services specified in the schedule of requirements without any change in the unit price or other terms and conditions at the time of award of contract.
- (ii) In exceptional situation where the requirement is of an emergent nature and/ or it is necessary to ensure continued supplies from the existing vendors, the purchaser reserves the right to place repeat order up to 50% of the quantity of the goods and/or services contained in the running tender/contract up to a period of twelve months from the earliest date of Long Term agreement (LTA) at the same rate or a rate negotiated (downwardly) with the existing vendors considering the reasonability of rates based on prevailing market conditions and the impact of reduction in duties and taxes etc.

- (iii) The delivery of the additional quantity (as per ii above) shall be scheduled after the completion of the delivery of the original tendered quantity or on mutual consent between the supplier and CMSS.
- 10.2 (i) The rates quoted and accepted will be binding on the Tenderer for the full contract period of ONE year and any increase in the price will not be entertained till the completion of this contract period.
- (ii) Any upward/downward revision (only during scheduled delivery period) in statutory taxes, levies will be allowed and benefit will pass on to supplier/purchaser.
 - (iii) Any increase in taxes and other statutory duties/levies after the expiry of the delivery date shall be to the supplier's accounts. However, the benefit of any decrease in these taxes/duties shall be passed on to the purchaser by the supplier.
 - (iv) The delivery of the additional quantity shall be scheduled after the completion of the delivery of the original tendered quantity.

10.3

In

accordance to the notification the participating Micro and Small Enterprises (MSEs) in a tender, quoting price within the band of L 1 + 15% would be allowed to supply a portion of the requirement by bringing down their price to the L 1 price, in a situation where L 1 price is from someone other than an MSE. In exercising of the powers conferred in Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act 2006, the Government has notified a new Public Procurement Policy for Micro & Small Enterprises effective from 9th November 2018. The policy mandates that 25% of procurement of annual requirement of goods and services by all Central Ministries / Public Sector Undertakings will be from the Micro and Small Enterprises. Government has also earmarked a sub target of 4% procurement of goods & services out of 25% from MSEs owned by SC/ST entrepreneurs and 3% to micro and small enterprises owned by women.

- 10.4 For quoted items, the Department of Pharmaceuticals under Ministry of Chemicals and Fertilizers has issued guidelines for implementation of the provisions of public procurement (Preference to Make in India) order (PPO) 2017 as desired by DPIIT vide order no **F.No 31026/65/2020-MD dated 30.12.2020**. The relevant provisions of DoP order dt. 30.12.2020 and all subsequent orders from time to time will apply in the instant case. Bidders are requested to submit a declaration indicating percentage of local content as per **Annexure-XVII**.

11. ACCEPTANCE OF TENDER

- 11.1 Technically responsive tenders will be evaluated based only on the "landed price"(all-inclusive price), i.e. Rate per Unit inclusive of all taxes, duties, transportation & other charges.

- 11.2 The evaluation for ranking shall be carried out on the basis of “all inclusive” prices of the goods offered for each schedule separately.
- 11.3 The purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids, at any time prior to award of contract without assigning any reason whatsoever and without thereby incurring any liability to the affected bidder or bidders on the grounds of purchaser's action.
- 11.4 (i) CMSS or its authorized representative(s) has the right to inspect the factories of Tenderers, before accepting the rate quoted by them or before releasing any purchase order(s) or at any point of time during the continuance of tender and also has the right to reject the tender or terminate/ cancel the purchase orders issued and/or not to place further order, based on adverse reports brought out during such inspections. In such situation CMSS reserves the right to take other actions against the tenderer including forfeit of security deposit, debarring/blacklisting for appropriate period.
- (ii) The Tenderer shall allow inspection of the factory at any time by a team of Experts/ Officials nominated by the Tender Inviting Authority for the purpose. The Tenderer shall extend necessary cooperation to such team in inspection of the manufacturing process, quality control measures adopted etc., in the manufacture of the items quoted. If Company/ Firm does not allow for any such inspection, their tenders will be rejected during the currency of the contract.
- 11.5 The acceptance of the tenders will be communicated to the lowest / matched tenderers in writing (through email), as per format of the Acceptance Letter given in **Annexure-IV**.

The Contract shall be issued from GeM as per their format. In addition to contract through GeM, the LOA, LTA and PO would be issued from CMSS E-Aushadhi platform and details mentioned in these documents will be considered for all purposes i.e. tender obligations, delivery completion and payment purposes irrespective of GeM contract whenever issued.

12. SECURITY DEPOSIT AND AGREEMENT

12.1 Security Deposit:

In accordance with DOE notification dated 12.11.2020 and amendment order dated 30.12.2021 valid up to 31.03.2023, the clause may be read as:

On being intimated about the acceptance of the tender the L1/Matched tenderer shall pay a Security Deposit at the rate of 3% of the total value of goods to be awarded. The Security Deposit amount is to be deposited in the form of NEFT/RTGS/Fixed Deposit Receipt/Demand Draft (payable at New Delhi)/Bank Guarantee in favour of Central Medical Service Society.

Performance Security has to be submitted within 15 days of receipt of order.

12.2 The Security Deposit shall be valid for at least 1200 days from the date of its commencement.

Order submission-	15 days
Rate Validity-	365 days
Delivery Period-	60 days
Warranty -	365 (1 year)
B.G. Extension-	<u>60 days</u>
	865 days

12.3 The lowest/matched tenderer shall execute an Agreement on a non-judicial stamp paper of value of Rs.100/- (stamp duty to be paid by the Tenderer) within 15 days from the date of the intimation from CMSS informing that his tender has been accepted.

12.4 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete its obligations under the contract.

12.5 The performance security bond will be discharged by the purchaser after completion of the supplier's performance obligations including any warranty obligations under the contract.

12.6 Failure to deposit the performance security will attract clause 9.4.

13. METHODOLOGY FOR PLACING ORDERS

For placing orders, the following procedures will be adopted:

- a. The matched Tenderer shall within 15 days of the acceptance of the

Tender execute necessary Agreement for the supply of the tendered quantity of such items as specified in the Tender Document after depositing the required amount as Security Deposit and on execution of the agreement such Tenderer shall supply goods on receipt of Purchase Orders. The format of Purchase Order is attached at **Annexure – VI**.

- b. The supplier shall complete the supply of the items required by CMSS at the destination mentioned in the schedule as indicated at Schedule of Requirements at Annexure I.
- c. The items supplied in excess of the ordered quantity shall not be accepted and the supplier shall take back the excess at their cost. CMSS will not be responsible for the loss to the supplier and will not entertain any demand/claim.
- d. The supplier shall supply the items at the specified destination and submit a copy of the Purchase Order, Delivery Challan and other relevant documents at the same destinations.
- e. After supply of items at the specified destinations, the supplier shall submit Invoice (Original) and other relevant documents etc., at the Head Office, CMSS for claiming payment.
- f. Subject to Para's above, CMSS will process the invoices submitted by the supplier and the payments against supply will be made within 60 days from the date of submission of all relevant documents to the CMSS.

14. SUPPLY / DELIVERY CONDITIONS

14.1 The supplier should acknowledge the receipt of the LOA within 3 days of its receipt.

14.2 The supplies will be made in staggered quantities (if applicable) as detailed in **Annexure-I**.

14.3 (a) The supplier shall supply the ordered quantity as per delivery schedule indicated at **Annexure-I** at the destinations mentioned in the purchase order. If the above day happened to be a holiday for CMSS, the supply should be completed by 05.00 PM on the next working day. In case of non-execution of the order either partially or fully, CMSS reserves the right to cancel the purchase order or place fresh purchase orders on alternative source at the risk and cost of the

default supplier. In such cases the CMSS, has every right to recover the cost and impose penalty including blacklisting of the supplier and the product.

- (b) With the prior approval of CMSS, the supplier may continue to supply the unexecuted quantity after last day or after the delivery dates/schedule as mentioned in LOA, with Liquidated Damages as specified in Clause 18 of the tender conditions on the delayed supplies.
- (c) Supplies should be made directly by the tenderer and not through any other Agency/Dealer/Distributor.
- (d) The Tenderer shall not, at any time, assign, or make over the contract or the benefit there of or any part thereof to any person or persons whatsoever.

14.4 All goods must be of fresh manufacturing and must bear the dates of manufacturing and expiry. The bidder further warrants that all goods supplied will have, **at least 5/6th of the minimum shelf life** must remain at the time of delivery to the consignee. The supplier will provide manufacturer's stability test data substantiating the claimed shelf life in the offered package. Supplier may note that supplies meeting the above mentioned residual shelf life criteria will only be accepted by CMSS/ Consignee. The short shelf life items(if any) wouldn't be supplied by vendor and if supplied so , invoices won't be processed by CMSS and vendor is solely responsible for supplying such items.

14.5 A Certificate of Analysis from manufacturer's own Quality Control Lab covering each batch delivered is to be submitted along with shipping documents. The Certificate of Analysis shall include:

- a) Generic name of the product
- b) Batch No.
- c) Pharmacopoeial Reference and/ or In-house method

Information about reference used

- h) TESTING PROCEDURE- Sensitivity, Specificity etc
- i) Results
- j) report number
- k) Date of Analysis
- l) Designation and signature of analyst
- m) Authorized signatory of lab

The above mentioned batch shall be manufactured in accordance with the applicable GMP/QMS regulations.

14.6 All the Tenderers are required to supply the product(s) with printed text "Govt. of India Supplies – NOT FOR SALE" in red-colour on the items i.e. kits, strips, blisters, vials, ampoules & bottles and also on the external packings. The type/thickness of packing materials used in Blister packs may also be specified. Goods received without this print will not be accepted by CMSS/Consignee. Affixing of rubber stamp shall not be accepted. However, the approved art work will prevail.

14.7 The Tenderer shall take back goods, which are not utilized by the CMSS within the shelf life period, based on mutual agreement.

14.8 If at any time the Tenderer has, in the opinion of the CMSS, delayed the supply of items due to one or more reasons related to Force Majeure events such as riots, mutinies, wars, fire, storm, tempest or other exceptional events at the manufacturing premises, the time for supplying the items may be extended by the CMSS at its discretion for such period as may be considered reasonable. However, such extension shall be considered only if a specific written request is made by the Tenderer within 10 days from the date of occurrence of such event. The

exceptional events do not include scarcity of raw material, increase in the cost of raw material, electricity failure, labour disputes/ strikes, insolvency, and closure of the factory/ manufacturing unit on any grounds etc.

- 14.9 The supplier shall not be liable to pay LD/ penalty and forfeiture of security deposit for the delay in executing the contract on account of the extension of supply period on the ground of force majeure events.
- 14.10 Timely supply is the essence of contract/ Purchase order. The drugs/medicines/items ordered are meant for key National programmes & delay in supply can have the adverse impact on patients and derail the critical National level Disease Control Programme.
- 14.11 For both items delivered to direct consignees & CMSS warehouses, the supplier should ensure that the items are delivered with the minimum shelf-life as mentioned in the tender document/Purchase Order failing which the consignees/CMSS WHs shall not accept the items. Further, the bidder's attention is invited that if they supply/deliver the items with short shelf-life as per tender/Purchase Order and even if direct consignees receive such items, the invoices shall not be processed by CMSS for payments. It is the sole responsibility of the bidder/vendor to deliver the items with minimum residual shelf-life as mentioned in the tender/Purchase Order.

15. PACKING

- 15.1 The items shall be supplied in the package specified in the Technical Specifications in **Annexure-I**.
- 15.2 The Weight, Volume & Dimensions of shipping cartons & intermediate packaging carton may be mentioned.
- 15.3 The packing shall be of a sturdy quality to provide adequate protection of the product for carriage to final destination, PAN INDIA including remote locations under adverse climatic and storage conditions and high humidity. Used cartons should never be used.
- 15.4 Products with specific temperature requirements will be packed and stored and delivered in appropriate conditions.
- 15.5 The packaging unit should be strong, able to be stacked to a height of 4 pallets as static storage and 2 pallets during transport, and resistant to puncturing.

15.6 Special attention of suppliers is invited to ensure the material is of good quality and is free from development of fungus/termites. In case fungus/termites develop within 15 days of delivery at specified locations, suppliers at their own cost would lift the entire batch from various locations and supply fresh replaced batches. For LD purposes the date of receipt of replaced batches would count. In addition, the expenses on pest control to be undertaken by CMSS would be borne by the tenderer.

16. QUALITY CONTROL

16.1 Quality Control is an essential part of the current procurement and it is the responsibility of the supplier to ensure quality assurance as per specifications/bid document. The products should conform to the standards as specified in **Annexure-I** of the Tender document.

16.2 The bidder/ supplier understand that the tendered item/items is/are critical health goods and the quality parameters of supplied goods are to be ensured during complete specified shelf life as indicated in technical specification/bid document/ official compendium. Bidder/Supplier also appreciate that failure in quality checks is serious default as it may derail entire programme and can also risk the life of users of supplied health goods.

16.3 CMSS will embark on stringent quality checks to ensure that tendered goods meet required standards throughout specified shelf life. For this purpose, CMSS reserves the right to carry necessary inspections/tests at any of, or any combination of or/ all of following stages:

- (a) At Pre-Dispatch stage.
- (b) At Delivery Stage: inspection done once the goods reach at consignee location and before taking over supplied goods in inventory.
- (c) Post Delivery Surveillance: The Drugs/goods shall have the active ingredients and all other parameters at the prescribed level as indicated in official compendiums or technical specifications throughout the shelf life period of the drugs/ goods. Quality Monitoring Activities may also be organized by CMSS post-delivery.

16.4 CMSS may engage the services of a Quality Control Agent & Quality Control

Testing Laboratories for the purpose of Inspection & Quality Control. The sampling quantities shall be borne by the supplier. As per applicable Pharmacopeia, the samples/batches are to be sent for QA/QC tests.

16.5 Inspection Methodology:

PDI (Pre-Dispatch Inspection) as mentioned in **Annexure-I** means, the QA inspection/testing shall be completed prior dispatch of supplies direct to consignees/CMSS warehouses. After completion of manufacturing process, the supplier should offer goods for PDI inspection in writing to Quality Assurance department of CMSS at least 10 days before proposed inspection date. The samples of each batch will be collected and sent to designated laboratories (Government/ Private Drugs Testing Laboratories) for testing as decided by the CMSS. Handling and testing charges will be borne by CMSS. After the dispatch clearance of Quality Assurance department of CMSS, the supplier will deliver the items to the consignee or CMSS warehouses as per the schedule mentioned in the Purchase Order. If the supplier delivers/dispatches goods without completing the QA inspection, sample testing, dispatch clearance etc., CMSS shall not be processing the payments of such goods and the supplier will be solemnly responsible for the supply of such goods.

Non-PDI (Post Delivery Inspection) as mentioned in **Annexure-I** means, the supplier will deliver/dispatch the manufactured items (as per the technical specifications) directly to CMSS warehouses. The samples will be collected from the warehouse of CMSS and sent to designate Quality Control Labs in respect of supplied goods at any point during specified shelf life as per decision of CMSS.

In case of failure of batches during or at any stage (indicated at 16.5), the testing charges would be claimed for the defaulting vendor.

16.6 The supplies will be deemed to be completed only upon receipt of the quality certificates from the laboratories.

"Not of Standard Quality" or spurious or adulterated or misbranded, such batch/batches will be deemed to be rejected goods.

16.7 **At any of testing stage**, samples which do not meet quality requirement shall render the relevant batches liable to be rejected. If the sample is declared to be "Not of Standard Quality" or spurious or adulterated or misbranded, such batch/batches will be deemed to be rejected goods and the cost of entire batch paid will be recovered whether consumed fully/ partially. Besides action may also be initiated for debarring/ blacklisting against supplier for suitable period.

- 16.8 In the event of the samples of Drugs/goods supplied fails in quality tests or found to be not as per specifications at any of testing stages, depending upon the type, nature and seriousness of failure, consequences resulting from such default, availability of alternate sources, the CMSS is at liberty to either :
- i) Ask the supplier to replace entire quantity of the relevant batches, in addition to imposition of penalty @ 25% of batch supply cost or
 - ii) to make alternative purchase of the items from other approved suppliers or in the open market or from any other Tenderer who might have quoted higher rates, at the risk and the cost of the supplier.
 - iii) In addition to (i) or (ii) above, action to debar/blacklist the supplier for suitable period, as decided by CMSS may also be initiated. In addition forfeiture of PSD.
 - iv) In addition, the FDA/ Drugs Control Authority of concerned State will be informed for initiating necessary action on the Tenderer in their state. Security deposit will also be forfeited without any intimation.
 - v) The decision of the CMSS or any officer authorized by CMSS, as to the quality of the supplied drugs, medicines, vaccines etc., shall be final and binding.
- 16.9 If the product is non-Pharmacopoeial then the supplier must provide the in house test method along with the required reference standards if asked for. The Master Formula of the products shall be provided whenever asked for.
- 16.10 In case of supply of "NOT OF STANDARD QUALITY" goods to CMSS, the supplier shall make replace the rejected quantity by replacement within 2 months. If replaced batch is also found "NOT OF STANDARD QUALITY", the supplier shall be blacklisted for the product and no further supplies shall be accepted for the particular product category. In addition, the licensing authority will be informed for initiating necessary action on the supplier in their state. The security deposit will also be forfeited without any intimation. The warranty shall apply to replacement batches also. The decision of CMSS, as to the quality of the supplied goods shall be final and binding.

17. PAYMENT PROVISIONS

17.1 Payment Terms

Payment shall be made subject to recoveries, if any, by way of liquidated damages or any other charges as per terms & conditions of contract in the following manner.

Payment shall be made in Indian Rupees as specified in the contract in the following manner for Equipment:

a) On delivery:

80% payment of the contract price shall be paid on receipt of goods in good condition and upon the submission of the following documents (only after supply of 50% of goods of each tranche):

- i. Two copies of supplier's invoice showing contract number, goods description, quantity, unit price and total amount;
- ii. Consignee Receipt Certificate in original issued by the authorized representative of the consignee;
- iii. Packing list identifying contents of each package;
- iv. Inspection certificate issued by the nominated Inspection agency, if any.
- v. Insurance Certificate
- vi. Certificate of origin.
- vii. A Certificate of Analysis from manufacturer's own Quality Control Lab covering each machine delivered is to be submitted along with shipping documents.

b) On Acceptance:

Balance 20% payment would be made against 'Final Acceptance Certificate' to be issued by the consignees subject to recoveries, if any, either on account of non-rectification of defects/deficiencies not attended by the Supplier or otherwise. Final acceptance certificate will be released by the consignee on completion of installation, commissioning, training, and successful running of equipment (at least 2-3 weeks) and handing over the equipment to the consignee.

18. LIQUIDATED DAMAGES AND OTHER PENALTIES:**18.1 DELAYS IN SUPPLIER'S PERFORMANCE:**

- (a) Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule specified by the purchaser in its LOA/purchase order. In case the supply is not completed in the stipulated delivery period, as indicated in the LOA/purchase order or in case of non-submission of Security Deposit within the stipulated time, purchaser reserves the right either to short-close/cancel this LOA/purchase order and/or recover liquidated damage charges. The cancellation/short-closing of the LOA/Purchase order shall be at the risk and responsibility of the supplier and purchaser reserves the right to purchase

balance-unsupplied quantity at the risk and cost of the defaulting vendor. This purchase at the risk and cost of the defaulting vendor can be at the same L1 cost of the tender or at higher cost and can be met through other vendors available in the present tender/contract or through any vendor from the open market. Any additional cost towards this risk purchase will be entirely borne/adjusted from running bills/demanded from the defaulting vendor.

- (b) Repeated/habitual delays by the supplier in the performance of its delivery obligations shall render the supplier liable to any or all of the following sanctions; imposition of liquidated damages, forfeiture of its performance security, and/or termination of the contract for default and purchaser reserves the right to purchase balance-unsupplied quantity at the risk and cost of the defaulting vendor.
- (c) If the suppliers are not completed in the extended delivery period, the purchase order may be short closed without any compensation to supplier and the performance security shall be forfeited.
- (d) Quantum of liquidated damages assessed and levied by the purchaser shall be final and not challengeable by the supplier.
- (e) Purchaser reserves the right to debar/blacklist the supplier for a suitable period who habitually failed to supply the goods/services in time. The decision of purchaser will be final and binding.

18.2 If the supply reaches the designated consignee places or CMSS Warehouse after scheduled delivery date mentioned in LOA/P.O, liquidated damages will be levied @ 2.5% per week to be applied proportionately on per day basis up to a maximum of 10% of P.O. Cost, irrespective of the fact that whether the CMSS has suffered any damage/ loss or not, on account of delay in effecting supply. If the last scheduled delivery day happens to be a holiday the supply will be accepted on the next working day without any penalty.

18.3 If the supply is received in damaged condition it shall not be accepted. In case of damage in the packing only, the supply may be accepted subject

to purchaser's decision and after levying a penalty which may be up to 5% of cost of package received with damaged packing.

18.4 In continuation to provisions of liquidated damages clause no. 18, it may be noted that:

If the vendor is not able to supply the total qty. of each lot/tranche within the scheduled delivery dates, the following may be noted:

1. The supplier will not dispatch/supply stocks/goods after the last date of scheduled delivery of the Lot/Tranche without PO amendment issued by procurement wing.
2. CMSS Warehouses/Direct consignees would not accept any stock/goods of any Lot/tranche beyond scheduled delivery period in absence of delivery extension PO amendment. These consignees will accept the stocks beyond scheduled delivery date only if Procurement wing has issued PO Amendment for delivery extension.
3. No extension of the delivery date would be granted suo motu unless the supplier specifically asks for it. However, in a few cases, it may be necessary to grant an extension of the delivery period suo motu in the interest of the administration. In such cases, the supplier should mandatorily submit clear acceptance of the extension letter.
4. If at any time during the currency of the contract, the supplier encounters conditions hindering delivery of goods, he shall promptly inform the concerned officer in writing. The supplier/vendor should raise request for delivery time extension well in advance i.e. at least 15 days before scheduled delivery date, should mention the likely duration within which it intends to complete the supplies and request for extension of delivery schedule accordingly. On receiving the supplier's communication, CMSS shall examine the proposal and on approval from the CA, may consider issuing delivery extension with/without LD provided
 - That there are sufficient grounds for acceptance of such requests.
 - That there is no falling trend in prices for this item as evidenced from the fact that, in the intervening period, neither orders have been placed at rates lower than this contract nor any tender been opened where such rates have been received even though the tender is not yet decided
5. In such cases, for delivery extension, PO amendment would be issued and the supplier should mandatorily supply the goods in extended time period.
6. CMSS shall not process any bills of such supplies if made beyond

LOA/PO delivery schedule and without any PO amendment. For such actions, vendor would be solely responsible.

7. If the supplier again fails to deliver the balance quantity within extended time, CMSS reserves the rights/options to procure the undelivered quantity from other approved supplier available in the contract at the same rates (with no financial implication and without regular tender to save time) or from open market at the risk & cost of the defaulting supplier (which may be with financial implication) or grant further extension if deemed fit.

Note- Vendors may note that it may not be necessary that each request for extension in delivery dates is accepted and scheduled delivery date is extended by CMSS.

8. After completion of complete LD period, if the supplier/vendor still fails to deliver goods (or a part of it) within extended timelines, actions against the supplier/vendor may be initiated for default in supplies as per terms & conditions stipulated in the tender including:-

- CMSS reserves the rights/options to short close the delayed lot/tranche undelivered without going for purchase of balance quantity or
- Short close the delayed lot/tranche and go for procurement of the undelivered quantity from other approved supplier available in the contract at the same rates (with no financial implication) or from open market at the risk & cost of the defaulting supplier (which may be with financial implication).
- For repeated defaults in delivery in same or various POs, to debar such habitual defaulting vendor for suitable period

Note: - In event of Force majeure reasons/ situations as explained herein at clause no. 18, this clause would not be operated.

19. WARRANTY:

- 19.1 The supplier shall warrant that goods/items to be supplied shall be new and free from all defects and faults in material, workmanship and manufacturing and shall be of the highest grade and consistent with the established and generally accepted standards for materials of the type ordered and shall perform in full conformity with the specifications. Supplier shall warrant that goods supplied will meet and maintain the technical specification throughout specified shelf life. The supplier shall be responsible for any defects that may develop under proper storage/ use, arising because of improper quality of API, Excipients in packaging

material etc. manufacturing /packaging details from faulty materials, manufacturing or workmanship or otherwise and shall remedy such defects at his own cost when called upon to do so by the purchaser who shall state in writing in what respect stores is faulty.

19.2 The portion of clause 16.8 (i) to (v) would also apply in case the goods/items supplied doesn't match to shelf life.

19.3 Replacement under warranty clause shall be made by the Supplier within 60 days period, free of all charges at site including freight, insurance and other incidental charges.

19.4 If any defect is not remedied within a reasonable time the purchaser may proceed to procure such defective quantities at the Supplier's risk and cost from other tenderer or open market, but without prejudice to may other rights which the purchaser may have against the contract in respect of such defects.

20. DEDUCTION & OTHER PENALTIES ON ACCOUNT OF DELAYS/DEFAULT/TERMINATION/ PART CANCELLATION/SHORT CLOSURE:

20.1 If the samples do not conform to tender specifications, the Tenderer will be liable for relevant action under the existing laws and the entire stock in such batch has to be taken back by the Tenderer within a period of 30 days of the receipt of the letter from the CMSS. Such stock shall be taken back at the expense of the Tenderer. The CMSS has the right to destroy such "NOT OF STANDARD QUALITY ITEMS" if the Tenderer does not take back the goods within the stipulated time. The CMSS will arrange to destroy the "NOT OF STANDARD QUALITY ITEMS" after the expiry of 30 days mentioned above without further notice, and shall also collect demurrage charges calculated at the rate of 0.5% per week on the value of the items rejected till such time stipulated.

20.2 The CMSS will be at liberty to terminate, without assigning any reasons thereof, the contract either wholly or in part or short closed on 30 days notice. The Tenderer will not be entitled for any compensation whatsoever in respect of such termination besides forfeiture of Security Deposit and purchaser reserves the right to purchase balance-unsupplied item at the risk and cost of the defaulting vendor.

20.3 For infringement of the stipulations of the contract, for non-performance/compliance of contractual terms or for other justifiable reasons, the contract may be terminated either wholly, or in part or short closed. by the CMSS

and the Tenderer shall be liable to pay for all losses sustained by the CMSS in consequence of the termination which may be recovered personally from the Tenderer or from his properties, as per rules besides forfeiture of Security Deposit.

20.4 In the event of making Alternative Purchase, as specified in in Clause 13(f), Clause 14.2(a), Clause 16.8 and other clauses herein, penalty will be imposed on the supplier. The excess expenditure over and above contracted prices incurred by the CMSS, in making such purchases from any other sources or in the open market or from any other Tenderer who has quoted higher rates and other losses sustained in the process, shall be recovered from the Security Deposit or from any other money due and become due to the supplier and in the event of such amount being insufficient, the balance will be recovered personally from the supplier as per rules.

20.5 In all the above conditions, the decision of the CMSS shall be final and binding.

21. SAVING CLAUSE

No suit, prosecution or any legal proceedings shall lie against the Tender Inviting Authority or any person for anything that is done in good faith or intended to be done in pursuance of the tender.

22. PROHIBITION OF INFLUENCING CMSS BY THE BIDDER:

- i) No bidder shall contact or influence the CMSS or its employees on any matter relating to its bid from the time of bid opening to the time the contract is awarded.
- ii) Any effort by a bidder to influence the CMSS in the bid evaluation, bid comparison or contract award decisions may result in rejection of the bidder's bid.
- iii) The bidder shall not make any attempt to establish unsolicited and unauthorized contact with the Tender Accepting Authority, Tender Inviting Authority or Tender Evaluation Committee after opening of the bids and prior to the notification of award and any attempt by any bidder to bring to bear extraneous pressures on the Tender Accepting Authority, Inviting Authority or Tender Evaluation Committee, shall be sufficient reason to disqualify the bidder.

- iv) Notwithstanding anything contained in clause (iii) above the Tender Inviting Authority or the Tender Accepting Authority, may seek bonafide clarifications from bidders relating to the bids submitted by them during the evaluation of bids.

23. RESOLUTION OF DISPUTES

- i) The CMSS and the supplier shall make every effort to resolve, amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the contract.
- ii) In case of a dispute or difference arising between the CMSS and a supplier relating to any matter arising out of or connected with this agreement, such dispute or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996. The venue of arbitration shall be New Delhi.

24. JURISDICTION

In the event of any dispute arising out of the tender such dispute would subject to the jurisdiction of the Civil Court within the city of New Delhi only.

List of Items and their Technical Specifications

**TENDER FOR PROCUREMENT OF TRUE NAT MACHINE and MTB/RIF Chips TO CMSS
FOR THE YEAR 2022-23**

Sch. No.	Item Name	Total Tentative Quantity	Unit	Detailed Technical Specifications of the Goods/Drugs	Order Distribution Criteria
I	TrueNat Machines (UNO) with 1 year warranty	2	No.s	Annexure-IA	100% to L1
II	TrueNat Machines (DUO) with 1 year warranty	485	No.s	Annexure-IA	100% to L1
III	TrueNat Machines (QUATRO) with 1 year warranty	774	No.s	Annexure-IA	100% to L1
IV	TrueNat MTB Chips (with 20% Rif)	21,76,780 (with 4,35,356)	No.s	Annexure-IA	100% to L1

Note:

Vendor is requested to provide rates of Comprehensive Annual Maintenance Contract for the next 4 years on yearly basis along with the price bid. TIA reserves the right to enter into ACMS after completion of warranty period.

Annexure IA- Technical Specification

Annexure IB- List of Consignee

Delivery Schedule:

Delivery:-The terms of Delivery shall be **DDP (destination)**.

Delivery Schedule for Sch. I, II and III:

1st Tranche – Within 60 days from the date of **Letter of Acceptance (LOA)**

Delivery Schedule for Sch. IV:

1st Tranche – Within 60 days from the date of **Letter of Acceptance (LOA)**, along with the machines.

2nd Tranche - To be delivered from 61st day and within 90 days from LOA date.

Annexure 1A**Technical Specifications of fully Automated Real time PCR System for detection of *Mycobacterium tuberculosis* (MTB) and Rifampicin (Rif) Resistance****General Specifications:-**

1. The system should be a fully automated Real time PCR system capable of detecting MTb. The system should also be capable of detecting Rif resistance if MTb detected.
2. The system should be capable of testing multiple samples simultaneously.
3. Each sample module should function independently enabling complete random-access operation.
4. The system operation should have fast, accurate and simplified molecular testing mechanism involving minimal specialized skills.
5. The system should be low weight portable enough for near patient and field use.
6. The system design should be space-saving requiring minimal power and capable of working in all field conditions across the Indian sub-continent.
7. The system should be able to stabilise the sample temperature rapidly and precisely thereby allowing faster process and more accurate results. It should be able to deliver result rapidly and accurately within one hour.
8. The system should fully integrate and automate the processes required for real time PCR based molecular testing.
9. The system should be able to monitor error conditions of reaction chamber to avoid false results with alarm warning.
10. System should have alarms for any defect / fault result to be given.
11. System should use single-use disposable sealed reaction chamber to avoid contact with instrument/ environment/ carry over contamination.
12. The Turnaround time (TAT) from sample processing to results should not be more than one hour for MTB detection or Rif resistance detection.
13. System should be supplied with a suitable printer for generation of reports. The system should also be capable of linking to other existing models of printers(open system).
14. System should be capable of wireless data transfer even from remote areas with GSM network Pan-India.
15. The system should be capable of live-tracking and linkage to Nikshay.
16. The system should be capable for testing multiple communicable diseases apart from TB like HIV, Malaria, Dengue, H1N1, HbsAg, HCV etc.
17. The system should have mains/battery operated with minimum back up for an 8 hour working day. The system should also be capable to be charged with a solar panel.
18. System should be provided with a CMC of four years beyond warranty period.
19. CMC rates for next five years should be quoted at the time of purchase.
20. List of spare parts with price list should be submitted with the tender.
21. Annual calibration requirements should be a part of CMC at no extra cost.
22. The manufacturer should provide Pan-India sales and support commitment.

General Specifications for Consumables:

1. The minimum shelf life for reagents and consumables at ambient temperatures (15°-35°C) should be 18 months.
2. Reagents provided should be ready to use.
3. All consumables (filter tips etc.) and accessory equipment's (DNase & RNase free pipette with tips etc.) for running the test should be provided with the system.
4. System should be supplied with self-contained single-use disposable reaction chamber.
5. The material used in consumables and its packaging should be compliant with the BMW Guidelines, 2016.
6. The left over shelf life at the time of receipt of items should not be less than 5/6th of the total/assigned shelf-life.

TECHNICAL SPECIFICATIONS**DNA Extraction System****System specifications:-**

1. Should be fully automatic
2. Should have digital screen display

3. Should have Rechargeable Lithium Ion Battery Pack 7.4 V, 11.6 Ah External AC/DC adaptor: Input 1.5A, 100/240V, 50/60 Hz; Output 10V, 4.5A
4. Should be light weight, not exceeding 3 kgs
5. Should be operational in the temperature of 15- 35°C in a relative humidity of 10-90%.

Consumables Specifications:-

Sample preparation kit having:

1. Liquefaction buffer
2. Lysis buffer
3. Disposable transfer pipette (graduated)

Real time PCR Platform:

System specifications:-

1. The platform should have fluorescence based detection system.
2. It should allow minimum 35-40 cycles of PCR.
3. The platform should be capable of Wi-Fi, 3G/4G, Bluetooth interface, with Bluetooth linkage support to a printer.
4. The platform should be capable of auto-calibration.
5. The platform should be capable of storing minimum 10,000 test results; with back-up facility of all tests performed.
6. The system should have a minimum display of 5" with touch screen.
7. The platform should have Voltage and plugs well adapted to Indian specifications with a plug suitable to 5 amp/ 15 amp.
8. Platform should have rechargeable lithium ion battery pack with Rechargeable Lithium. Input to AC/DC adaptor: Single Phase 100-240V;50/60Hz;1500 mA Rechargeable Lithium ion Battery Pack; 7.5V; 2.2 Ah External AC/DC
9. The product must have approval issued by competent authority under Drugs and Cosmetics Act and Medical Devices Rule 2017 and made thereunder.
10. Quality and safety standards met by the product must be listed.
11. The software used should be easily upgradable and user-friendly.
12. The platform should have simple and easy procedure for use by minimally trained technician.
13. The Operating Environment for the system should have Temperature range from 15°-35°C; Relative humidity from 10% to 80%.
14. The system should be lightweight, not exceeding 1.5 kg.

Consumables Specifications:

MTB/Rif Resistance Reaction chamber:

1. Reaction chamber should be disposable, stable at ambient Indian temperatures (15°-35°C).
2. Reaction chamber should include lyophilized PCR reagents in microtube for performing detection of *Mycobacterium tuberculosis*.
3. Reaction chamber should include lyophilized PCR reagents in microtube for performing detection of Rifampicin resistant *Mycobacterium tuberculosis*.
4. Reaction kits should contain all necessary reagents for real time PCR.
5. Reaction chambers should have in- built controls to assess PCR.

Rapid Diagnostic MTB chip specifications-

1. MTB chip should function on Real Time Polymerase Chain Reaction (PCR) test for the detection of *Mycobacterium tuberculosis* (MTB) in human pulmonary (sputum/ non sputum) specimen/ culture.
2. MTB Chip should be able to run on the Real Time micro PCR Analyzer Machine with samples extracted using Auto sample prep device.
3. The MTB chip should be stable at temperature (2°-30°C)
4. The remaining shelf life at the time of delivery of items should not be less than 5/6th of the total assigned shelf life.
5. The MTB chip should comprise of a reaction well containing dried down MgCl₂.
6. The dried down PCR reagents should be available in microtube for performing Real Time PCR test for detection of MTB.

7. The target sequence for MTB should be part of the ribonucleoside-diphosphate reductase gene specific to the MTB complex.
8. The MTB chip should have flash memory to retain lot information and standard curve values for automatic quantitative determination
9. MTB chip should not be available for reuse. The reuse and post expiry use should be detectable by flash memory.
10. The time taken for the diagnostic test result should be lower or equal to one hour.
11. The MTB chip should be amenable for disinfection and disposable as per applicable Biomedical Waste Management Rules. The chip should not be infective after use.
12. The consumables should be provided in sufficient quantity to cover 10% wastage

The following contents should be provided with the MTB chip :-

A. AUTO Universal Cartridge Based Sample Prep Kit containing

1. Reagent pack containing ready to use buffers for automatic sample extraction
2. Cartridge pack with a fluidic cartridge to move sample and buffers through a proprietary matrix for extracting nucleic acids from the sample.
3. Disposable transfer pipette

B. AUTO MTB Sample pre-treatment pack containing

1. Liquefaction buffer to liquify the sample
2. Lysis buffer to lyse the cells and release nucleic acids
3. Disposable transfer pipette (graduated)

C. Individually sealed pouches, each containing

1. MTB micro PCR chip.
2. Microtube with freeze dried PCR reagents.
3. DNase & RNase free filter pipette tip.
4. Desiccant pouch.

MTB– Rif chip specifications: -

1. MTB-RIF chip should function on Real Time Polymerase Chain Reaction (PCR) process for the detection of Rifampicin resistance in Mycobacterium tuberculosis (MTB) in MTB positive human specimen/ culture.
2. MTB-RIF chip should be able to run on the Real Time micro PCR Analyzer Machine with samples extracted using Auto sample prep device.
3. The MTB-RIF- chip should contain target sequence of RRDR region of the rpoB gene (between codon positions 509 and 533), representing mutation hot spots known to be related to Rifampicin resistance.
4. The MTB-RIF chip should be stable at room temperature (2⁰-30⁰C)
5. The remaining shelf life at the time of delivery of items should not be less than 5/6th of the total assigned shelf life.
6. The MTB-RIF chip should comprise of a reaction well containing dried down MgCl₂
7. The MTB-RIF chip should have flash memory to retain information and standard curve values for automatic quantitative determination
8. MTB-RIF chip should not be available for reuse. The reuse and post expiry use should be detectable by flash memory.
9. The time taken for the diagnostic test result should be lower or equal to one hour.
10. The MTB chip should be amenable for disinfection and disposable as per applicable Biomedical Waste Management Rules. The chip should not be infective after use.
11. The consumables should be provided in sufficient quantity to cover 10% wastage.

The following contents should be provided with the MTB-RIF chip:-

A. AUTO Universal Cartridge Based Sample Prep Kit containing

1. Reagent pack containing ready to use buffers for automatic sample extraction
2. Cartridge pack with a fluidic cartridge to move sample and buffers through a proprietary matrix for extracting nucleic acids from the sample.
3. Disposable transfer pipette

B. AUTO MTB Sample pre-treatment pack containing

1. Liquefaction buffer to liquify the sample
2. Lysis buffer to lyse the cells and release nucleic acids
3. Disposable transfer pipette (graduated)

C. Individually sealed pouches, each containing

1. MTB micro PCR chip.
2. Microtube with freeze dried PCR reagents.
3. DNase & RNase free filter pipette tip.
4. Desiccant pouch.

Annexure-X**Instructions for Online Bid Submission:**

The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: <https://eprocure.gov.in/eprocure/app>.

REGISTRATION

- 1) Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://eprocure.gov.in/eprocure/app>) by clicking on the link “**Online bidder Enrollment**” on the CPP Portal which is free of charge.
- 2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 4) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / n Code / eMudhra etc.), with their profile.
- 5) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
- 6) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

SEARCHING FOR BID DOCUMENTS

- 1) There are various search options built in the CPP Portal, to facilitate bidders to search active bids by several parameters. These parameters could include Bid ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for bids, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a bid published on the CPP Portal.
- 2) Once the bidders have selected the bids they are interested in, they may download the required documents / bid schedules. These bids can be moved to the respective ‘My Bids’ folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the bid document.
- 3) The bidder should make a note of the unique Bid ID assigned to each bid, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

- 1) Bidder should take into account any corrigendum published on the bid document before submitting their bids.
- 2) Please go through the bid advertisement and the bid document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the bid document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
- 4) To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

SUBMISSION OF BIDS

- 1) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the bid document.
- 3) Bidder has to select the payment option as "offline" to pay the bid fee / EMD as applicable and enter details of the instrument.
- 4) Bidder should prepare the EMD as per the instructions specified in the bid document. The original should be posted/couriered/given in person to the concerned official, latest by the last date of bid submission or as specified in the bid documents. The details of the DD/any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise the uploaded bid will be rejected.
- 5) Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BoQ format with the bid document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BoQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the bidder, the bid will be rejected.
- 6) The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the

bidders, opening of bids etc. The bidders should follow this time during bid submission.

- 7) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers public keys. Overall, the uploaded bid documents become readable only after the bid opening by the authorized bid openers.
- 7) The uploaded bid documents become readable only after the bid opening by the authorized bid openers.
- 8) Upon the successful and timely submission of bids (ie after Clicking “Freeze Bid Submission” in the portal), the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- 9) The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.

ASSISTANCE TO BIDDERS

- 1) Any queries relating to the bid document and the terms and conditions contained therein should be addressed to the Bid Inviting Authority for a bid or the relevant contact person indicated in the bid.
- 2) Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk Ph.:0120-4200462, 0120-4001002.Mobile : 91 8826246593
